In view of applicants' response filed on 2/27/09 only the following applies.

Claims 1-4, 6 and 8-11 remain rejected under 35 U.S.C. 112, first paragraph for reasons set forth in the previous action. It is not seen how applicants' amendments overcomes the rejection since the nature of additional ring members/resultant rings is not set forth and thus reads on broader subject matter than originally described/claimed. If applicants' intent is to claim only carbon atoms as additional ring members it should be so stated in the claims. Otherwise, as stated in the MPEP 2164.08: "Limitations and examples in the specification do not generally limit what is covered by the claims."

Claims 1-4, 6 and 8-11 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. The scope of NR6/R7 forming rings as now recited reads on any and all 4-7 membered saturated heterocyclic rings without limitation as to nature of atoms as ring members.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within

Art Unit: 1624

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
